*"Vision without action is merely a dream.
Action without vision just passes the time.
Vision with action can change the world."*

James Christensen

Welcome to 2020, the year of the eye exam! As you know the NHOA has an exciting public awareness campaign planned for this year. Thanks to Dr. Scott Huffer and the rest of the 2020 Committee for bringing this idea to life. We will be highlighting one threat to 20/20 vision each quarter with radio ads, information on our new webpage (www.2020vision4nh.org), and social media posts. The first radio ad about glaucoma has been produced. We will also use this campaign to educate the public on what exactly doctors of optometry are trained to do. We are still accepting donations through our non-profit entity 2020Vision4NH. If you and/or your practice would like to make a donation please speak with Dr. Brian Klinger.

See the full President's Message and more by visiting the Members Only section of the website.
